

PROPOSAL FOR NEW WORK ITEM

Date of proposal:	Reference number (to be given by BBSQ):
Name of Proposer:	Organization:

A formal proposal/request for the development, revision or adoption of a standard shall be submitted to the Bahamas Bureau of Standards & Quality (BBSQ) which will process it in accordance with the BBSQ's procedures.

READ BEFORE COMPLETING THIS FORM: Text in red is offered as a guideline to completing this form. Please replace with information relevant to your proposal. Proposals without adequate justification risk rejection or referral to originator.

The proposal (to be completed by the proposer)

<p>Subject (Indicate clearly the field/subject which the proposal is intended to cover)</p>
<p>Scope (Clearly state what the standard is about/applies to and what it excludes and limits or ranges covered)</p>
<p>Purpose and Justification (State the reason for development and need for the standard. Justification may include problems the Standard is expected to solve, an explanation of the trade related, economic and, if applicable, the social/health advantages which would result from having the standard, disadvantages of not having a standard, urgent national circumstances, need for harmonization with existing legislation or international/regional/industry standards)</p>
